Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	I am **an insurance claim officer**	I'm trying to **review and approve genuine insurance claims quickly**	But **it is difficult to identify fraudulent claims**	Because **many claims look legitimate and require manual verification**	Which makes me feel **overwhelmed and worried about approving fraud**.
PS-2	I am **an insurance company manager**	I'm trying to **reduce financial losses caused by fraudulent insurance claims**	But **fraudulent activities are increasing and hard to detect early**	Because **traditional systems rely heavily on manual analysis and limited data checks**	Which makes me feel **concerned about company losses and inefficiency**.
PS-3	I am **a genuine insurance customer**	I'm trying to **get my insurance claim approved quickly after an inciden**	But **the claim process takes a long time**	Because **companies need to manually verify claims to detect fraud**	Which makes me feel **frustrated and anxious about the delay**.
